Art of Seating: 200 Years of American Design
Exhibit runs until October 6, Open daily 9:00 a.m. to 5:00 p.m.

We tend to think of chairs based on the places we find them, whether it's at the family table, in a spot with a great view, or even at the seat of corporate power. Yet chairs themselves have a history. The chairs in this exhibit tell a compelling story of artistry, craftsmanship and 200 years of evolution in American design.
